

REPORT ON MOBILE APP DEVELOPMENT WORKSHOP

Dates: 08 April, 2016 and 09 April, 2016

- ✓ A workshop on “**Mobile App Development**” was organized by “**Department of CS and IT**” on 08 and 09 April 2016.
- ✓ The workshop started by 11:00a.m. in the NEW IT SEMINAR HALL.
- ✓ Around 95 students attended the workshop.
- ✓ The workshop was delivered by **Mr. Pradeep Patel** (CEO, HOODOO APPS and Alumni IPEC 2004).
- ✓ Special Thanks to **Honourable HOD-IT, Dr. Pooja Tripathi & Mr. Mandeep Singh Katre (Assoc. Prof, CSE)** for being the constant Source of Inspiration and Guidance for the student Organisers.
- ✓ We extend our Heartfelt Gratitude to Mr. Aarvind Kumar Yadav & Mr. Pranshu Saxena for guiding us through this workshop.

MAIN POINTS OF DISCUSSION:

On 08 April, 2016

1. Knowledge imparted by the trainer:
 - ✓ Speaker Mr. Pradeep Patel conducted the session and gave us the basic knowledge about the apps development, their need and scope.
 - ✓ He described various platforms on which apps are available along with their thorough details of each platform.
 - ✓ He enlightened the audience with many motivating achievements and interactive examples.

2. Objective high lightened:

- ✓ In his initial words, with great affirmation he mentioned that, no coding is required or necessary to develop a mobile app.
- ✓ He told us the difference among pure, hybrid and native apps development and their respective merits and demerits.
- ✓ He introduced his app development platform to the audience ***"HOODOO Apps"***, where many great ideas could be implemented via app.
- ✓ He gave brief and nice description about ***HOODOO Apps*** and also he created an app to show the audience how easy developing an app is.

On 09 April, 2016

1. Knowledge imparted:

- ✓ Mr. Pradeep delivered some encouraging and helpful points which are necessary for the bright future of the students.
- ✓ He framed certain situations and helped the students by highlighting the best possible ways to tackle them.
- ✓ Also, he gave some short tips which were very good and most necessary for successful business running.
- ✓ He amazingly described what an entrepreneur is?
- ✓ Also, he gave a brief description about appreneur and what does it takes to be an appreneur.

2. Objectives high lightened:

- ✓ Practical was conducted based on the basics of apps and their development.
- ✓ He enthusiastically revised the basis of app development.
- ✓ He encouraged the students by individually helping them and also delivering short individual sessions.
- ✓ Students developed one app each of their own.
- ✓ He also motivated each and everyone in the room that nothing is impossible, all you need is focussed vision and strong efforts.
- ✓ Also, he proposed that top 40 worthy apps would be made live on Google Play store by him, which further boosted the morale, interest and enthusiasm of the students.

CONCLUSION:

- ✓ Workshop ended at 4:45p.m.
- ✓ Students showed a lot of interest in attending the workshop of ***Mobile App Development***”.
